## *The Chicagoland Tradition . . .*

For many years the Shorthorn fraternity has anticipated the June sales at Edellyn and Marellbar Farms. These events were annual highlights of the sale season and breeders from all parts of North America converged on north-eastern Illinois to meet friends and to buy herd bulls and improving females. Unfortunately, the Edellyn and Marellbar herds have been dispersed. To carry on the grand Shorthorn tradition they so ably established, the first annual Kickapoo Sale and the inaugural National Shorthorn Sale have been established. In keeping with the Edellyn and Marellbar pattern, a grand set of bulls and an equally strong offering of females have been assembled for the buying public. This is a sale series you won't want to miss.

These good-headed, deep-bodied cows are part of The Melbourne Herd, owned by John Alexander & Sons, Big Rock, Illinois, a consignor to this event.

## Will not be shown in Sale Show...

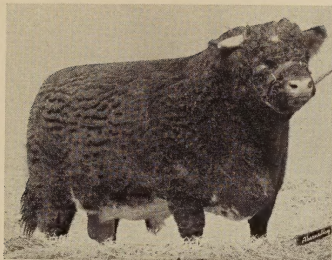

S & T Pacemaker, above, will not be shown at this sale event. The sale management feels that this bull already has proved himself in the show ring and will be offered in this sale as the headliner and undefeated International supreme champion.

## S & T Pacemaker Lot 1

A chance to buy an International grand champion! This is a rare opportunity for the Shorthorn public. Seldom has a bull of this quality been offered for sale. Malcolm Tucker has decided, since he still has his sire, Leveldale Pacemaker, and Leveldale Caesar, International senior champion and winner of 22 major championships in three years of showing, that this great bull deserves more extensive use than would be possible in his small herd. This bull can put **you** and **your** herd in the national spotlight.

**A two-thirds interest in this bull is selling. The bid price is the price the buyer will pay for his interest. A one-third interest in this bull and the right to draw semen at a later date is being reserved by Tucker. One hundred vials of very good frozen semen is also being offered should the buyer so desire.**

## Leveldale Pacemaker

This son of the great Leveldale Basis, is the sire of Lot 1. Leveldale Pacemaker won the grand championship at Denver and has 14 other major championships to his credit.

### *This Bull Is No Accident!*

The size, smoothness and quality of this bull is no accident. He was bred to be good. Study the pedigree at right. Tucker has a number of half brothers to S & T Pacemaker at home that prove the worth of this pedigree and the inherent breeding ability of these bloodlines. A full sister, a half sister and the granddam of S & T Pacemaker's dam are proudly on display in the Tucker herd. Northwood Farm, Cary, Ill., has a full sister to S & T Augusta 4th that has one of the best Bapton Pioneer calves on their farm. Carusbrooke Farm, Cedar Point, Ill., has a three-quarter sister to S & T Pacemaker that they regard highly. Leveldale Farms, Mason City, Ill., have a half brother to this bull that is reported to be a topper.

**PHOPACHY KING CHARLES**

This son of Phopachy Great Event is the sire of Lot 6. He sired many good calves at Marellbar as he is now doing in the Mackey and McIlroy herds. King Charles sired the second-prize senior get and second-prize junior get at the 1957 International.

**MARMAC CONQUEST KING** — This thick, well balanced bull is by the imported Phopachy King Charles. His maternal grandsire is the imported Beaufort Destiny. The quality and beefiness he shows prove his breeding. You can't go wrong with a sire like this one.

**CONNIELAND BEN** — This roan prospect was raised entirely by his mother. Thick, good doing and just right for producing those top 4-H calves. I believe I would rather use him than any other bull we have raised. His mother and old Dad did a darn good job in the showing, too.
